

WILLIAM NESS IS STARTING A NEW YOUTH HANDBELL CHOIR!

Created specifically for youth in Grades 8 - 12, the young people will ring English handbells for the purpose of performing in the greater Worcester area. The first scheduled meeting is Tuesday, September 21, at 5:15pm, following the first rehearsal of the Chorister Choir, at First Baptist Church. Please inform Pastor Gary if your young person is interested. This is a wonderful opportunity to learn how to ring handbells from an accomplished musician!

“Bella”

Yes, lots has been going on with the Sunday School children’s sponsored NEADS dog, “Bella.” How wonderful it was to meet Bella earlier this year when she visited us at Park Church and even enjoyed fellowship with our Park and First Baptist church folk. Well, BELIEVE IT OR NOT, our dear Bella was so inspired with God’s spirit and bursting with so much enthusiasm and love that she was not able to remain in the NEADS puppy training program, and instead is enjoying the life of a wonderful pet in a loving home. Though our Sunday School and church family were disappointed to learn that Bella could not continue her training, we are happy to know that she is a happy dog and sharing her “spirit” with a family where she can fully share her gifts . . . just as God would have it! AND, at the present time, our children are awaiting the arrival of another NEADS puppy that they will be able to sponsor (with no additional money needed), name, and again welcome into our Park Congregational Church family. We will keep you posted as things progress!
